HANUKKAH HIPPITY-HOP

How to Play Dreidel

What You Need:

- A dreidel (four-sided spinning top)
- Tokens, such as chocolate coins

The Dreidel Letters:

Nun (נ) — Do nothing.
Gimel (ג) — Take the whole pot.
Hay (ה) — Take half the pot, rounding up if there's an odd number.
Shin (ש) — Put one token into the pot.

How to Play:

1. Each player gets the same number of tokens. Everyone puts one token into the center pot.
2. Players take turns spinning the dreidel.
3. When the dreidel stops, follow the instructions on the letter on top.
4. When the pot is empty, everyone puts one token into the pot before the next spin.
5. If a player runs out of tokens, they're out of the game.
6. The last player with tokens wins!

Happy Hanukkah!
